Dear Sir/Madam,

The UHF Two Way Radio, LMR with FCC ID: 2AJK3-CT500CRU was designed to operate in the frequency bands 400~480MHz.

To aid equipment authorization in other countries which accept the United States FCC Grant for certification,

Carlton Technologies, Inc. attests that the radio will not be marketed to USA users with the frequency band which is not allowed by the rule part 90.

Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it's a violation of the FCC Rules if this device operates on unauthorized frequencies.
